WAREHOUSING, INVENTORY CONTROL & FULFILLMENT SUPPORT

Manufacturing is only the start. Growth needs operational control.

GIH helps supplement brands bridge the gap between production and customer-ready inventory, especially for Amazon, TikTok Shop, Instagram, Shopify/DTC, and online marketplace sellers.

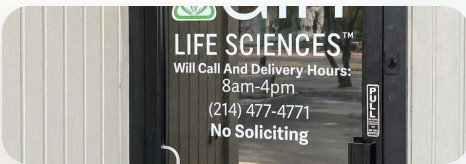

- 
Inventory management
Organized tracking and control for finished goods, packaging, labels, and brand materials.
- 
3PL service support
Warehousing coordination, pick-pack-ship workflows, and fulfillment-ready operational planning.
- 
Marketplace-aware operations
Support for Amazon sellers, TikTok Shop sellers, Instagram sellers, influencer brands, and DTC growth.
- 
Fewer disconnected vendors
Manufacturing, packaging, inventory, and logistics support under one operational relationship.

CAPABILITIES
3PL support includes

- Warehousing support
- Inventory tracking
- Pick, pack & ship
- Packaging materials
- DTC / marketplace sellers
- Scale-up operations
